

# CLASSROOM BUILDING - MAIN FLOOR AND GYM AREA

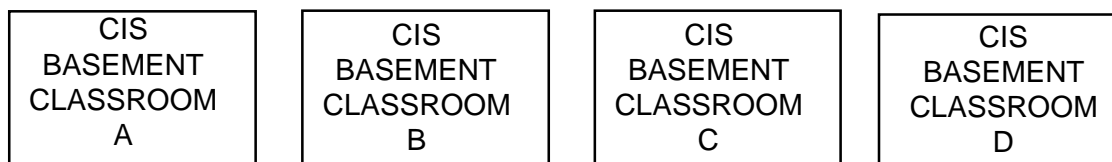

## CIS BASEMENT CLASSROOMS AND FACILITIES

## About Basement Classes:

The availability of the basement classrooms tends to change at the last minute. In your class schedules, basement classrooms are labeled BSMT A, BSMT B, BSMT C, and BSMT D

Basement Classrooms will be marked by orange signs that read

Please do not go by the School room numbers of B6 B5 etc. **Do not enter any basement classroom that is not marked by one of the above signs!**

**It is very likely that Basement classroom designations will change during the day. Some basement classes may even be moved to the dining room.** The classroom that was listed as Basement Classroom A in the morning may become Basement Classroom C in the afternoon. You get the idea. Even with these measures, we still may have to cancel classes if a room becomes unavailable. We will have CIS staff members at each end of the hall all day Saturday to direct you to the correct classroom.

**Please refer to the CIS INFORMATION CENTERS located at the registration desk outside the auditorium, in the gym, and in the dining room for the latest information.**
